February 24, 1981

Tony,

Betty and I are definitely making plans for the 5th annual Mooney Mite Fly-in at Cameron Airport (Shingle Springs) September 4, 5 & 6.

If only 7-10 Mites show up I believe I can park them all at my place. If more, up to 50, I can make arrangements within 600 feet of my place. We will try to make this Fly-in interesting, fun, and informative for all who come.

For those who prefer a motel, Best Western and approximately 5 or more Restaurants within 2 miles; Golf Course within $\frac{1}{2}$ mile, Lake, picnicing, etc. If any wish to sleep with their planes, that would be fine or you can sleep in your bags around the swimming pool. Also, any (up to 10) who might like to raft down the south fork of the American River can do so, we have a 16 man raft and my son-in-law is an expert river rafter. Cameron Park has unicom 123,0 runways 13 & 31. (see Map)

This should be one of our best Fly-in's.

Betty and I would also like to have you and your family stop by if you should be in the area. Hope that by Fly-in time you will have one of your Mites ready.

May I hear from you soon regarding any up-dates on plans or ideas.

Sincerely,

Sandy

Our 5th Annual event last September was a fabulous one thanks to Sandy and Betty Sanderson at Cameron Park Airport, their home. These fine people had us as their guests in their home at the Park Airport. What a lovely place! I received a letter from them - here it is below:

"Speaking for both Betty and myself, we couldn't have entertained a finer group than the W.A.M.M. It was indeed our pleasure to have had all you fine and wonderful people as our guests for the 5th Annual Fly-In. I thoroughly enjoyed it (naturally). Sorry my Mite was in hospital - it's out now and flying great.

If the group would like at anytime in the future to drop in, stay for a while, swim, talk or whatever, any or all or you would certainly be welcome - as you know.

Happy flying to you and to W.A.M.M.

Sincerely,
Sandy"

The following attendees were there sharing the fun at beautiful Cameron Park:

4, 5 & 6 SEPT 1981
5th Annual Mooney Mite Fly-In
